

what is this button?

When trans and gender non-conforming people use gendered bathrooms ("men" and "women" rooms), they face the possibility of harassment or violence.

#IllGoWithYou allies go into bathrooms and other spaces with transgender people who may be afraid or concerned about their safety. An #IllGoWithYou ally offers support, buffering, and nonviolent assistance when asked.

When you wear the #IllGoWithYou button, you may be approached by a stranger who wants company in a gendered space. For more information about how to negotiate these encounters, and guidelines for good #IllGoWithYou practices, check out:
